Congo Leaders Agrees on Loose Federation

TANANARIVE, Malagasy Republic (AP) — Congolese leaders agreed today on a loose federation of sovereign states in the Congo headed by a sort of super-cabinet.

Delegates said the new states to be carved from the Congo would be based mainly on tribal and economic affiliation, jinking the artificial six provinces established when Belgium ruled the country.

The program, envisaging a sort of "community of United Nations" as one delegate phrased it, appears to be a victory for two of the leaders attending this conference, President Joseph Kasavubu of the central government and President Moise Tshombe of Katanga Province.

Because tribal loyalties override concept of national loyalty in the largely unlettered Congo, both have favored a loose federation over a strong central government.

By setting up the federation, delegates hope to squeeze out the only major faction unrepresented in Tananarive, the Moscow-supported regime of leftist Antoine Gizenga. Delegates said the states to be set up would all participate in a common market within the Congo.

The delegates said that as soon as the political map of the Congo is redrawn, the conference will begin discussing the business of maintaining order in the Congo.

Denmore to Stay in Newton Co.

DINSMORE, Ark. (AP)—Dinsmore will be in Newton County for at least two more years.

The mountain community may never be transferred to Madison County, where residents paid taxes for years.

The two dozen or so residents of Dinsmore and officials of both northwest Arkansas counties had thought that the valley village was part of Madison County. A few months ago legal papers turned up showing that it was in Newton County.

A bill which would have transferred three square miles of land from Newton to Madison County and when the 1961 legislature adjourned Thursday. Officials in both counties appeared resigned to let the matter rest.

"We're not surprised," said Madison County Judge C. N. Watson at Huntsville, the county seat. He has maintained the community's road and said he probably will continue to do the road work although Newton County will get the taxes.

A paved highway links Dinsmore with Huntsville, but the trip to Jasper, the Newton County seat, requires a roundabout journey partly over unpaved roads.

"The whole controversy is over," said City Atty. J. Nelson Truitt of Jasper. "Newton County is not asking for back taxes," he said, and all Madison County has to do is quit assessing Dinsmore property.

Residents of Dinsmore couldn't be contacted for comment. The community has no telephones.

Department Store Sales Increase

ST. LOUIS (AP)—The federal Reserve Bank of St. Louis reported today that department store sales in the Eighth Federal Reserve District the week ended March 4 a whopping 31 per cent increase over those of the similar week of last year.

The bank said the increase may be partly due to the early Easter this year.

The biggest metropolitan area gain was at St. Louis, 32 per cent. Hannibal was close behind with a 30 per cent rise. Little Rock was up 26 per cent, Memphis 26 per cent and sales in seven smaller district cities 64 per cent.

District sales the four weeks ended March 4 were nine per cent above those of the similar four weeks of last year while sales to date were about the same as those in the corresponding period of one year ago.

History, Work of Local Girl Scouts Is Fitting Tribute on Eve of Girl Scout Week

MARY ANITA LASETER
Star Feature Writer

Tomorrow, March 12, marks the beginning of Girl Scout Week. Girl Scout Sunday is traditionally celebrated by every Girl Scout attending church in uniform. Some girls prefer to attend as a troop; others individually. Various churches in our town invite the girls to their services in different years and the First Presbyterian Church has opened its doors to them tomorrow.

There are four intermediate scout troops and four brownie scout troops with a total of 99 girls in Hope enrolled in this work. The troops are sponsored by PTA's local church classes and Chapter AE of the PEO.

Most of us know about the good work done by Girl Scouts and the excellent training which the girls in the organization receive. But the history of Girl Scouting may not be quite so familiar. For instance, did you know that the founder, Mrs. Juliette Gordon Low was born on Halloween in 1860 at Savannah, Ga.? She was educated in Georgia, Virginia and New York.

But she became interested in scout work after she moved to England with her husband, William Low. The founder of the Boy Scouts, Lord Baden Powell, was a friend of their's and sparked the interest of this lady to form a similar organization for girls. Her first company of Girl Guides was started in Scotland. When she returned to Savannah in 1912, she began her work in this country.

The Girl Scouts enter into civic work wherever they are. Locally, money to support them was included in our United Fund. One project the scouts have annually is the Girl Scout Cookie sale, which will be held the last two weeks of April this year.

About 1937 the hard work and perseverance of many people, principally the mothers of local girl scouts, resulted in the building of the "Little House" at Fair Park. It remains the pride of everyone ever associated with Girl Scout work. Troops have their meetings there, and a day camp is held in Fair Park each year with the "Little House" as its center of operations. Plans are now being made for a day camp this summer.

The area organization of scouting to which the Hope troops belong is the Conifer Girl Scout Council. Jack Lowe is first vice president of the Council. Our district chairman is Mrs. Henry Seamans, and the local or "neighborhood" chairman is Mrs. Arch Wylie.

In the Intermediate Scouts Mrs. Lynn Harris, assisted by Mrs. Tabbie Feild and Mrs. Bill Watson has a troop of 17; Mrs. J. W. Franks, assisted by Mrs. Watson, has a troop of 10; Mrs. Arch Wylie assisted by Mrs. Minor Polk and Mrs. Lloyd Leverett, has 14 girls and Mrs. Roy Allison, assisted by Mrs. Herbert Rogers, has six girls. In the Brownies Mrs. Fred McElroy, assisted by Mrs. Phinis Herring, has a troop of 11; Mrs. V. H. Barber, assisted by Mrs. J. B. Martin, has a troop of 12; Mrs. Henry Seamans, assisted by Mrs. John Gardner Jr., has a troop of 16 and Mrs. Hollis Moses assisted by Mrs. Bill Robinson, has 13 girls.

You cannot develop any sort of good team play by yourself, and it is usually more fun to work and play with other people. Girl Scouting gives its members a chance to do more of the things in which they are interested and to plan good times with friends. It is the sort of fun that will last because it can help the girl to be an interesting and useful person, with ideals and a code that girls the world over try to follow.

State Pay Jobless \$2 Millions

LITTLE ROCK (AP)—Arkansas paid \$2,012,474 in jobless benefits last month to nearly 12 per cent of the workers covered by the unemployment compensation law, the Employment Security Division reported today.

An average of 31,919 workers claimed unemployment benefits during February, the ESD said. That represented 11.8 per cent of the covered workers.

The total payment compared to \$1,859,255 in January and \$1,446,365 in February of last year.

A total of 1,237 workers exhausted benefits during February.

Power Plant Planned by State Co-ops

WASHINGTON (AP)—A loan of \$10,588,000 for construction of generation and transmission facilities to meet electric power requirements of seven government-financed electric distribution co-operatives in Arkansas, was announced Thursday by the Rural Electrification Administration.

The loan was approved in 1960, but release of the money to the Arkansas Electric Cooperative Corp., Fayetteville, was withheld pending settlement of contract negotiations between the cooperative and the Southwestern Power Administration on the interchange of power, and other matters at the state level.

About \$9.5 million will finance construction of a steam generating plant near Ozark. The rest will be used to build transmission lines in Craighead, Franklin, Greene and Lawrence counties.

Distribution cooperatives served by the Arkansas Electric Cooperative Corp., provide electric service to 70,400 farmers and other rural consumers in 30 counties in Arkansas, five in Oklahoma, three in Missouri and one in Texas.

Railway Law Repeal Vote Is Planned

By LEON HATCH

LITTLE ROCK (AP)—Former Atty. Gen. Tom Gentry said today he would seek a popular vote on legislative repeal of an old law requiring railroad crewmen to keep a watch for persons or property on their tracks.

The 1961 legislature, which ended Thursday, repealed the law, which dates back to 1891, after a bitter fight in the Senate.

Gov. Orval E. Faubus signed the repeal Monday.

To place the measure on the ballot for a referendum at the 1962 general election, Gentry would have to get at 25,319 voters' signatures.

That's 6 per cent of the 21,985 votes cast for governor in the last general election as required by the Constitution.

Sponsors of the legislative act said it was designed merely to place railroads on a par with other persons and corporations in allowing pleas of contributory negligence in lawsuits. This is a legal theory which allows for reducing a judgment if the defendant can show that the plaintiff contributed to his own injury or damage.

During the Senate debate, opponents charged that the effect would be to relieve railroads of any liability for accidents at crossings or on railroad tracks.

One Senate opponent charged that a child could wander onto the tracks and be killed without the railroad being liable for damages to his parents.

The required referendum petitions would have to be submitted within 90 days from Thursday, the day the legislature adjourned.

If they should be filed, the repealing act would be suspended until it was voted on next year.

Gentry is attorney for a number of labor organizations, including some railroad unions.

School Funds at Ft. Smith Probed

FORT SMITH, Ark. (AP)—The Sebastian County Grand Jury began an investigation Thursday into alleged misuse of public funds in the Fort Smith School District.

Circuit Judge Paul Wolfe instructed the Grand Jury that its primary aim was to "restore the shaken confidence of the public."

Preston Rose, 37, former maintenance superintendent, is awaiting sentence after pleading guilty to embezzlement charges. Judge Wolfe told the Grand Jury it would confront that and other findings of Prosecuting Attorney Lyman Mikel's month-long investigation into school records.

Conferences Keep Kennedy in Public Eye

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—On TV screens around the country President Kennedy's news conferences look quick and simple. They're quick. But they are not simple.

He's now had six meetings with the press, enough to show at least this much: He follows a deliberate pattern which he established himself; and his technique, much more subtle, is still developing.

This is the pattern: From the very beginning Kennedy, who won election by a squeak, has used his news conferences to get across an impression of himself as a man in motion.

Example: The series of announcements he makes at the start of each conference.

Wednesday there were eight, ranging from plans for a White House reception to orders he has given to relieve hardship among Indian and Eskimo children. All could have been announced by his press secretary, Pierre Salinger.

By doing this himself Kennedy stays in the public eye as a very busy President. He is, indeed, busy as his various programs and messages testify.

The news conference announcements, even though many are of secondary importance, add to the total impression.

His technique: He handles himself easily, fluidly, and fluently. He's relaxed.

He's relaxed because he did his homework, knows what he's talking about, took the trouble to inform himself before confronting questioners.

Two hallmarks of President Eisenhower's news conferences were vagueness and generalities. This was particularly true in his early White House days. Kennedy at most times is specific.

Eisenhower, because of his lifetime in the Army, didn't know government details well when he took office. Kennedy has an advantage here: Because of his 14 years in Congress, he knows government pretty much inside out.

A good example of Kennedy's specific knowledge was in his statements Wednesday on federal aid to education. But his technique began to show a change Wednesday. The best example, again, was on federal aid to education.

While Eisenhower rambled, Kennedy usually has been direct and terse. Wednesday he was for the most part direct but less terse. He not only explained his thinking on federal aid at great length, but did it repeatedly.

It looked like a deliberate, planned effort to educate the public, through press and radio, on the problem as he sees it: that, while federal aid to public schools is needed, similar aid to parochial schools hits constitutional blocks.

This change in technique—long explanation which took up a lot of time—gave newsmen less chance to ask varied questions and cover more ground. The result, from a news standpoint, was pretty dull.

That ought to give Kennedy something to chew on. He can defeat his purpose—educating the public on his viewpoint—if, by long explanations, he winds up diminishing public interest in what he has to say.

Famous Polo Ground in N.Y. Doomed

By TED MEIER

NEW YORK (AP)—The Polo Grounds, scene of many memorable sports events dating back to the gay 90's, is doomed.

The Board of Estimate Thursday approved plans of the New York City Housing Authority to build a 1,700-family, low-rent project on the site. However, demolition will not begin for 14 months, permitting scheduled 1961 sports events, such as the New York Titans' games in the American Football League, to be held.

The Polo Grounds, the home of the New York baseball Giants before they shifted to San Francisco after the 1957 season, thus is faced with the same fate that met Ebbets Field, home of the Brooklyn Dodgers before they trekked to Los Angeles after the '57 major league season. Ebbets Field was demolished last year to make way for a housing project.

Many of boxing's most famous heavyweight title bouts were fought at the Polo Grounds.

May Involve Others in Murder Case

FORT PIERCE, Fla. (AP)—Defense attorney Carlton Welch indicated today he would attempt to show that other unnamed persons, in addition to Floyd Holzapfel and Bobby Lincoln, participated in the 1955 killings of C. E. Judge C. E. Chillingworth and his wife, Marjorie.

Welch asked Holzapfel if he had once made the statement that "the others on the boat" wanted to shoot Chillingworth when he managed to keep himself afloat after being thrown overboard.

"I have never made such a statement," the witness replied. "I said Bobby Lincoln wanted to shoot him."

Welch then ended the cross-examination, which was in its third day in the murder trial of Joseph A. Peel Jr., 35, Peel, former West Palm Beach city judge, is charged with plotting to kill Chillingworth.

Lincoln, a Negro moonshiner, reportedly admitted he helped Holzapfel carry out the Chillingworth killings.

Holzapfel, 35, has confessed drowning Chillingworth and his wife, Marjorie, in the Atlantic Ocean off their Pal Beach home.

He described the murders in detail. He said he committed the slayings for "my partner, Joe."

Holzapfel says he and Peel were partners in lottery and protection rackets when Peel was judge at West Palm Beach. He testified that Peel told him to kill Chillingworth to keep him from exposing the rackets.

Africans in UN Press for Debate

By TOM HOGGE

UNITED NATIONS, N.Y. (AP)—African delegates to the U.N. General Assembly pressed today for immediate debate on the Congo as the big powers remained deadlocked over whether to take up cold war issues at the Assembly session.

Leaders of the powerful African group, impatient over the haggling between the Soviets and the West that is delaying the Assembly, were trying to convince other delegates that since the Congo must be discussed, it should be discussed now.

The Africans argued that this would keep the Assembly moving and give the major nations time to work out some agreement on the agenda. But agreement at this stage appeared remote.

No nation has yet asked that the Assembly take up the Congo, but Ghana and a number of other African nations are reported trying to muster support for a debate early next week. Yugoslavia, whose foreign minister, Koca Popovic, arrives today, is said to have thrown its support behind the move.

The Assembly has before it several Congo proposals—the latest presented at the reopening of the Assembly Tuesday by President Kwame Nkrumah of Ghana, who wants the U.N. Congo operation put under a "primarily African" command.

The Soviet Union has proposed that all U.N. forces get out of the Congo within a month.

W. Bureau to Begin Study of Tornadoes

KANSAS CITY, Mo. (AP)—The largest research project ever undertaken to study tornadoes, squall lines and severe local storms was announced today by the Weather Bureau. It will begin next Wednesday.

Director of the project, to be known as National Severe Storms Project, will be Clayton F. Van Tassel, chief district meteorologist here. Operational headquarters will be in Oklahoma City.

Officials said it will be the first attempt to collect complete information on the circulation and atmospheric energy processes which characterize the line cycle of individual squall cells.

In addition to a network of ground observers stationed in concentric circles around Oklahoma City, 13 planes will be used. The planes will converge on a single squall line segment. They will fly tight circles around it and at times fly through it at various levels up to 45,000 feet. Planes at the higher levels will photograph the storm's development.

The Federal Aviation Agency, Navy, Air Force, National Aeronautics and Space Administration, Air National Guard, Army Signal Corps and various university research groups will cooperate in the project.

At the outset, a ring of surface observing stations will be located in Oklahoma at 15-mile intervals. Another network with stations at 30-mile intervals will cover most of Texas, Oklahoma, Kansas and Colorado. Both of these will be used this year and in 1962.

In 1963 and 1964, a network of stations seven miles apart will be added.

The stations will automatically record temperature, humidity, winds and precipitation.

Extradition of Rhee Is Assured

RICHMOND, Va. (AP)—State and local law enforcement officials have agreed to cooperate in efforts to have Melvin Davis Rhee Jr. extradited to Virginia for trial on abduction and murder charges.

Gov. J. Lindsay Almond Jr. said the first step would be a study of extradition proceedings.

The governor met Thursday with Atty. Gen. A. S. Harrison, the state police superintendent, the commonwealth's attorneys of Louisiana and Spotsylvania Counties and other officials.

Rhee was convicted in federal district court in Baltimore last month of kidnapping and murdering Mrs. Carroll V. Jackson and her daughter, Susan, 5.

Virginia authorities want the 32-year-old musician on murder charges in the deaths of the other two members of the family, Jackson and an 18-month-old daughter. The Jacksons were abducted in Louisiana County in January, 1959.

Rhee has not been sentenced in the federal case. His attorneys have filed motions for acquittal and for a new trial. The motions are to be argued next Wednesday.

He was arrested in West Memphis, Ark., last summer.

Lowe Heads State Lumber Dealers Assn.

John B. Lowe of Hope Builders Supply Co. was elected president of the Arkansas Lumber Dealers Association at its convention in Hotel Marion, Little Rock, Thursday.

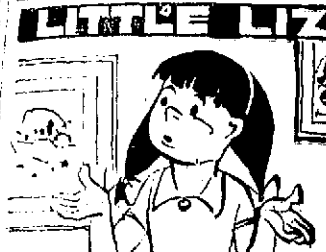

Charles Rizer of Newport, John Deen of Brinkley, and Jim Robinson Jr. of Little Rock, were named vice-presidents.

They are wanted in Texas on charges stemming from the killing of Fred A. Tones Jr. His burned body, with a gunshot wound, was found in a ditch near Houston last Feb. 6. Technically, they are charged with transporting an automobile belonging to the dead man across state lines.

Thomas Lumley, a U. S. marshal who is escorting the two to Texas, said the prisoners were laughing all the way to the airport and talking about their experiences in jail.

He added: "They are very jovial and apparently not at all concerned or worried."

Ashley is from Hot Springs, Ark.

Appeal Court Takes Up Smith Case

ST. LOUIS (AP)—The 8th U. S. Circuit Court of Appeals has taken under submission damage suits filed against Police Chief Eugene C. Smith of Little Rock, before he killed himself a year ago.

The court Thursday heard arguments on whether the suits can be pressed against his estate. Smith killed his wife and himself March 18, 1960. Federal District Judge Gordon E. Young dismissed the suits, on motion of the administrator of Smith's estate, on grounds the cause of action ended upon Smith's death.

The suits were filed as a result of a clash between segregationists and police under Smith's command Aug. 12, 1959, when Little Rock Central High School was reopened after it had been closed for a year in a desegregation dispute.

The appeal was argued only in the case of one of seven plaintiffs, Mrs. Mary Ellen Pritchard, but the ruling will apply to all cases. Mrs. Pritchard said she was seized by police while trying to cross a police line to go to her home near the school. She alleged she was beaten and otherwise manhandled and suffered a back injury. She sued Smith for \$50,000.

Attorneys for Smith's estate claimed Mrs. Pritchard and her husband, Charles, were leaders in a mob illegally trying to prevent reopening of the school and that she was arrested because she assaulted an officer and resisted arrest.

Coming and Going

Mr. and Mrs. Olaf Pearson of McComb, Ill., have been the guests of Mr. and Mrs. Willis Cobb.

Mrs. H. C. Whitworth went to a UDC Board Meeting in Little Rock Wednesday at the Woman's City Club. About 50 delegates from all over the state attended the meeting and luncheon.

NIGHT MARSHAL

By I. P. Holmes

The story: Chris Waddell is the new night marshal of Midas Hill, a lawless mining town. On the way to the town, Chris foiled a holdup when an outlaw tried to obtain currency being carried to the town by Norma Vespasian.

Chapter VI

Frank Scorbie was still at the office and when Waddell came in, got to his feet and reached for his hat.

"Want to show you around and have you meet a few of the boys."

Outside the office door, Scorbie paused and pointed along Summit Street.

"Yonder's the Palace. Toniest whisky and poker house in camp. Strictly upper crust, you understand. Where such as Byron A. Garrison—he owns the Crystalline Mine—and Lamar Hume, main stockholder in the Golden Fleece, do their drinking and gambling. Scotty Deale runs the place and he's smart enough to play it strictly for the big boys. Should you look in there during your rounds, don't stay long. Sight of a law man seems to annoy them."

There was a bitterness that had not existed in other days, and it made Waddell wonder.

They turned south into Ute Street.

Miners off shift moved up and down this Ute Street, turning in and out of the doors of the various deadfalls.

Came the sound of a blow, the clatter of floundering boots and a miner hurtled from the door, to sprawl in the street.

The doorway behind him was momentarily filled with the squalid, powerful bulk of a man in a dirty bar apron.

The miner came up out of the dust, scrubbing at his bloody mouth and chin, weaving a little from the effects of the blow that had so battered his lips. He came up to Scorbie with quick, stumbling steps, blurring a thick anger.

"He robbed me—Breed Garvey robbed me! I had one drink and gave him a twenty. He gave me change for a ten. When I tried to argue with him he hit me and threw me out. What are you going to do about it?"

"Do about it?" Scorbie answered. "What can I do? You claim one thing, Garvey would claim another. If you don't like the way Garvey runs the Stag-horn, stay out of it."

Scorbie moved on.

"These miners are always crying about being cheated or short changed or something of the sort. If that's the way it is, why don't

Judy Garland to Return to Movies

HOLLYWOOD (AP) — Judy Garland returned to the movie cameras for the first time in nearly seven years. Dennis Crosby failed to upset a paternity judgement.

A judge allowed actor Califford Robertson more visits to his 2-year-old daughter.

Federal income tax men filed liens against Carol Channing, Harry James and Betty Grable. So went one day in the movie capital.

Miss Garland said her return Thursday left her as excited as if she were starting her career over.

She did the first of an expected eight days' work for 8 1/2 minutes of scenes in "Judgment at Nuremberg," about postwar trials of German judges.

A judge refused Dennis Crosby's plea for reversal of a jury verdict holding he is the father of a divorcee's daughter. A new trial also was denied.

Dennis, son of crooner Bing, did get a reduction from \$100 to \$80 weekly in support payments to the divorcee, Mrs. Marilyn Miller Scott, 28, for 3-year-old Denise Michele.

A Santa Monica court increased actor Clifford Robertson's child visitation rights.

Robertson's ex-wife, Cynthia Stone, 34, former TV actress, said she thought more visits by Robertson, 35, would confuse their daughter, Stephanie, 2, and Christopher, 6, her child by a former marriage to actor Jack Lemmon.

But the court held that Robertson could take Stephanie from her mother's home on Saturdays and visit her on Wednesday mornings.

Negro Girl 8'2" May Be Tallest

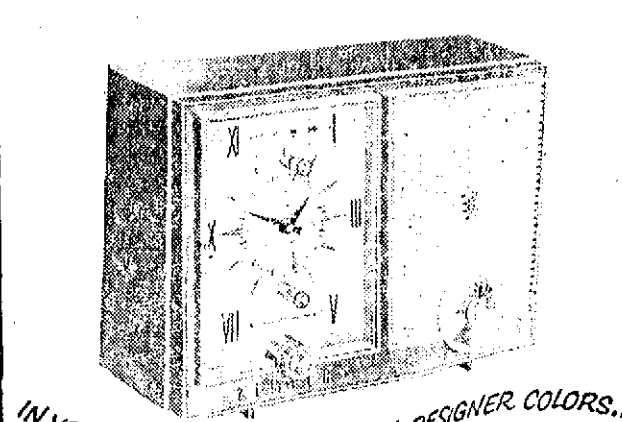

NEW ORLEANS, La. (AP) — Doctors are treating an 8-foot-2 Negro, possibly the world's tallest girl, for a knee injury received in a basketball game. One physician at Charity Hospital said the girl, Delores Pullard, 14, of De Quincy, La., is still growing. He said her growth

might be overstimulated by a tumor of the pituitary gland. Mr. and Mrs. Clarence Pullard, parents of the girl, said she weighed 12½ pounds at birth. A De Quincy physician said Delores was as tall as a 10-year-old when she was 4. Three years later, he said, she was 7 feet tall. Mrs. Pullard, who is 5 feet 11, said there is no record of giants in her family. Her husband is 5 feet 9.

HIS PLAN

How often shall I forgive? Peter thought he was generous when he forgave three times, since that is what the Jewish clergy required. But when Jesus said "seventy times seven," it exploded like a bombshell. Peter thought God should be proud of him. Seven is 233% of three. But Peter didn't know God; nor do we. Most men cannot believe how far the love of God will go. Seventy times seven means there is no end to God's forgiveness. As often as we sincerely confess, God will fully forgive. Little narrow souls can't realize how generously God forgives. "Forgive us our debts as we forgive our debtors," is a dangerous prayer unless we forgive as Jesus did. He who forgives is victor. Seventy Times Seven, means the best way to "get even" is to forget.

The Churches of This Community, Are the Only Institutions Which Have
as Their Main Function, the Transforming of Human Lives
They Are the Sign Boards Pointing the Way to God.

Sponsors of these messages urge faithful church support. Through this series of pages
the appeal is for all men to stand up and be counted . . . to combat
Communism on all front . . . to be faithful to God.

Our Ministers Are God's Servants Who Call the Signals Against the
Organized Forces of Evil. They Invite You to Enlist On
the Side For God. . . to Come to Church.

"HE WHO WAITS UPON THE LORD SHALL RENEW HIS FAITH"
